CONVERGENZE ATTENDS THE "NEXT GEMS CONFERENCE 2026"

Capaccio Paestum, October 20, 2026 – **Convergenze S.p.A. Benefit Company and B-Corp (EGM: CVG)**, an integrated technology operator active in the Telecommunications and 100% Green Energy sectors, operating nationwide through its patented EVO (Electric Vehicle Only) network and its proprietary fiber-optic infrastructure based on the innovative XGS-PON technology, will attend tomorrow, **Wednesday, October 21, 2026**, the "**Next Gems**" conference at Palazzo Mezzanotte, the headquarters of Borsa Italiana in Milan.

The event, organized by Virgilio IR in partnership with leading financial market participants, is dedicated to companies listed on Borsa Italiana with a market capitalization of less than € 100 million. Its objective is to showcase outstanding Italian enterprises to a broad audience of both domestic and international institutional investors. Now in its seventh edition, the "Next Gems" conference will be held in person, featuring investor meetings conducted on a one-to-one basis or in small groups.

Representing the company at these investor meetings will be Rosario Pingaro, CEO and President of Convergenze, and Grazia Pingaro, Vice President and Head of the Energy Business Unit, who will outline the company's business model, the results achieved in the first half of 2026, the growth prospects, and new strategic developments.

Convergenze S.p.A. Benefit Corporation and Certified B Corp is an integrated technology operator active in the Telecommunications and 100% Green Energy sectors, with a nationwide presence through electric vehicle charging stations operated under its patented EVO (Electric Vehicle Only) network. Founded in 2005 in Capaccio Paestum, the Company began its operations in the Telecommunications sector, providing internet and fixed-line telephony services and subsequently becoming a nationwide operator. In 2015, Convergenze diversified its business by entering the Energy sector, becoming a trader of electricity generated from renewable sources and natural gas. The Company's main operational headquarters is the "Convergenze Innovation Center", a 1,350-square-meter facility spread across three levels, embodying the Company's core values of sustainability, innovation and green mobility. The building also hosts, at its base level, one of the Company's proprietary Data Centers, certified according to the ISO 27001 standard. Further demonstrating its commitment to sustainability and corporate social responsibility, Convergenze became a Benefit Corporation on September 14, 2020, and obtained B Corp certification on January 7, 2025. In this capacity, Convergenze pursues not only profit objectives but also purposes of common benefit, operating responsibly, sustainably and transparently toward its local area and community, while promoting an inclusive, equitable and regenerative economic system.
